To be supplied by Bands

All small percussion
 All beaters and mallets
 If you require an instrument not mentioned please request it as soon as possible.
 Note small instruments such as triangles and tambourines are not shown on the diagram and are the responsibility of the band.
 Due to the nature of several items such as kit cymbals it is decided that bands will be better served to supply their own items to ensure the sound achieved is the sound desired. Hardware for these will be supplied. Only a single kit pedal will be supplied for the bass drum. Items not shown on the diagram will not be supplied for this reason.
